Putting It All Together: A Multi-Disciplinary Approach to Investigations of Child Maltreatment

These one day trainings are designed for professionals who provide forensic and /or therapeutic services to children where child abuse is a concern

What: A free one-day training for professionals working in the field of child-maltreatment

Topics:

- ❖ **Teen sexual assault victims:** Special considerations from a medical and psychosocial perspective.
- ❖ **When allegations are unclear:** Expanding our assessment skills and intervention options.
- ❖ **Coordination of services:** working with child protection, medical providers and law enforcement for critical thinking, comprehensive investigation and case planning.
