

## Training and Community Services

*Harborview Center for Sexual  
Assault and Traumatic Stress*

*Our mission is to provide children,  
youth, families and adults affected by  
sexual assault, traumatic events and  
adversity with high quality, effective  
and culturally respectful care that is  
coordinated and multidisciplinary.*

*We serve the broader community  
through leadership, research, community  
and professional education and public  
policy advocacy.*

*We recognize that delivery of quality  
services is enhanced by a strong  
commitment to teaching, community  
service and research. We are dedicated  
to preventing and countering the  
harmful effects of traumatic experiences  
on individuals and society through  
our training and consultation with  
professionals and through community  
presentations and community  
development work.*

## Presentations and education services

### Community presentations

Services designed for your program including training, consultation and assistance with curriculum development of written materials.

- Trauma: impacts and intervention.
- Sexual assault: impacts and intervention.
- Sexual harassment.
- Date/acquaintance rape prevention.
- Sexual assault prevention and awareness.
- Children with sexual behavior problems.
- Mandated reporting: identifying concerns and handling reports of child maltreatment.
- Community sexual offender notification/education meetings.

### Community development

We collaborate with community groups towards developing comprehensive, community driven solutions to prevent sexual violence.

## To request services

All prevention education and training services or consultations are provided by experienced staff including registered/licensed social workers, licensed physicians, nurse practitioners and nurses.

To register for scheduled courses, contact our education and training conference coordinator.

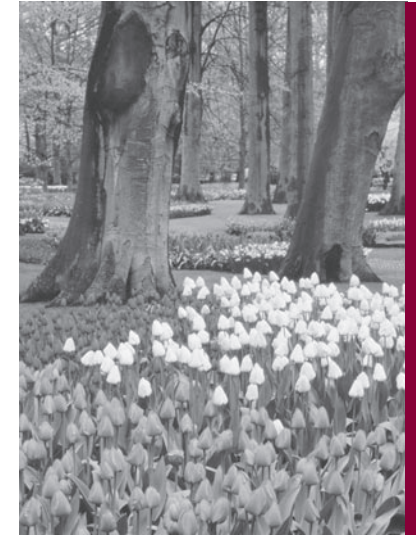

For information on how HCSATS can meet the training needs of your program, contact one of our education and training social workers.
