Crisis Support Plan

FOR: _______________________________________________ DATE: ______________________________

I understand that suicidal risk is to be taken very seriously. I want to help ______________________________ find new ways of managing stress in times of crisis. I realize there are no guarantees about how crises resolve, and that we are all making reasonable efforts to maintain safety for everyone. In some cases inpatient hospitalization may be necessary.

Things I can do:

► Provide encouragement and support
  • __________________________________________________________________________________________
  • __________________________________________________________________________________________

► Help _________________________________ follow his/her Crisis Action Plan

► Ensure a safe environment:
  1. Remove all firearms and ammunition
  2. Remove or lock up:
     • knives, razors, and other sharp objects
     • prescriptions and over-the-counter drugs (including vitamins and aspirin)
     • alcohol, illegal drugs and related paraphernalia
  3. Make sure someone is available to provide personal support and monitor him/her at all times during a crisis and afterwards as needed.
  4. Pay attention to his/her stated method of suicide/self-injury and restrict access to vehicle, ropes, flammables, etc. as appropriate.
  5. Limit or restrict access to vehicle/car keys as appropriate.
  6. Identify people who might escalate risk for the client and minimize their contact with the client.
  7. Provide access to things client identifies as helpful and encourage healthful behaviors such as good nutrition and adequate rest.

If I believe _________________________________ is a danger to self or others, I agree to:

► Call [name of therapist or therapy practice and phone number]

► or help _________________________________ get to a hospital.
