Dr. John N. Lein
Vice President for
Health Sciences
SC-61

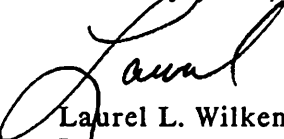

Dear Jack:

In accordance with your letter of May 9 and the provisions of Chapter 282, Laws of 1990 (2SHB 2443) recently passed by the Legislature, I am happy to approve the establishment of the Warren G. Magnuson Institute for Biomedical Research and Health Professions Training.

This Institute will be administered by your office consistent with the provisions of the subject statute and with the provisions of my letter of December 29, 1988, regarding centers and institutes.

This is an exciting prospect, and I wish you the best of luck with both the funding and the operation of the Institute.

Sincerely yours,

Laurel L. Wilkening
Provost
