Suggested curriculum during residency

Faculty mentorship is essential to:

a. Establish contacts within the Cardiology Division to explore clinical interests
b. Pursue mentored research opportunities

Recommended clinical and research experience:

a. UW Cardiology Consultation
b. UW Cardiology B/mechanical circulatory support (CHF service)
c. Critical Care/Medical ICU
d. Pulmonary Consultation
e. General Medicine Consultation (pre-op evaluation)
f. Nephrology Consultation
g. Emergency Medicine
h. Geriatric Care
i. Sports Medicine
j. Ambulatory block experience in
   Hypertension (UW subspecialty clinic)
   Diabetes Care Center (Roosevelt clinic)
   Lipid management (UW subspecialty clinic)
k. Mentored Research with exposure to methodology, approach and critical review

A focus only on Cardiology consultation or Cardiology CCU months is not recommended. Rather, utility of a comprehensive residency education is recommended to enrich the trainee’s education and experience in preparation for fellowship training.
