

UW Medicine

UW SCHOOL OF MEDICINE

The **UW SCHOOL OF MEDICINE** serves the five-state WWAMI region: Washington, Wyoming, Alaska, Montana and Idaho. The School is second in the nation in total federal research grants and contracts with \$1.3 billion in total revenue (fiscal year 2023) according to the Association of American Medical Colleges.

Programs

- MD - Provides medical students with education and mentoring for excellence in clinical skills and patient-centered care.
- Graduate Medical Education (GME) - Provides advanced training through more than 120 accredited residency and clinical fellowship programs (Accreditation Council for Graduate Medical Education).
- MEDEX Northwest - A regional program to educate physician assistants with a focus on primary care for underserved populations.
- Medical Scientist Training Program (MSTP) - Enables highly qualified candidates to obtain both MD and PhD degrees for careers in basic medical research.
- Allied Health Programs - Undergraduate and graduate training in medical laboratory science, occupational therapy, physical therapy, and prosthetics and orthotics.

World Rankings

The University of Washington is ranked No. 10 in the world in the field of medicine in the 2024 Performance Ranking of Scientific Papers for World Universities by National Taiwan University. Top 10 subject rankings were received for Microbiology (No. 6), Clinical Medicine (No. 9) and Immunology (No. 9).

History

In 1946, the University of Washington School of Medicine opened its doors as the first new medical school on the West Coast since 1910. Three years later, the School received full accreditation from the American Medical Association and the Association of American Medical Colleges.
