HEALTH DISPARITIES IN WASHINGTON STATE

Dr. Ben Danielson, Medical Director, Odessa Brown Clinic

Dr. Benjamin Danielson has always been a firm believer in social justice, with a passion for a career in medicine. As a student at the University of Washington, School of Medicine (UWSOM), he benefited greatly from the support and mentorship provided to him by the staff of the Office of Multicultural Affairs and the Health Careers Opportunity Program (HCOP). His participation in HCOP helped solidify his medical aspirations, and his dedication to eliminating health disparities among minority communities has never wavered. After graduating from UWSOM in 1992, Dr. Danielson is now serving as Medical Director of the Odessa Brown Children's Clinic and actively mentors minority medical students as a preceptor-teacher. Dr. Danielson is a true role model and mentor, and is actively committed to helping to increase diversity in the health professions and eliminating health disparities among racial and ethnic groups.
